

Llangrove Village Hall Environmental Policy

Updated August 2022

Aims & Principles

Llangrove Village Hall (LVH) Management Committee is committed to protecting and actively promoting the improvement of the local environment

Procedures

The Management Committee will ensure that environmental priorities are integrated into the decisions it takes on all its services and will aim to:

- Comply with environmental laws and seek to promote sound environmental practice in hall activities
- Ensure compliance with relevant regulatory requirements
- Minimise energy and water consumption and promote the efficient use of resources
- Purchase environmentally sound goods from sustainable sources wherever reasonably possible
- Minimise waste through reuse and recycling
- Ensure contractors working on the trusts' behalf are aware of and comply with the environmental policy
- Promote awareness of environmental policy to users
- Review policy annually or when changes occur in national legislation or procedures
